

Lions Special Events Planning Committee

Goal: Increase visibility of the Ames Breakfast Lions Club.

One activity for the year, a special event involving the Pizz-A-Thon.

Getting kids involved in a fun program for the whole family.

Proposal:

WHAT

A few families with children added to the committee for planning and carrying out social events. Kids to be involved in the planning and carrying out of projects.

A fun activity associated with each meeting, including refreshments.

Kids can assist in the design on the **Lions Events Page** on the web site www.pizz-a-thon.com . This page is presently included on the web site.

WHO

Families invited by our members, with potential to be Lions members as they get involved with family activities and understand the value of teaching community service ethic to their children.

WHY

- a. If we are to continue as a strong civic club, attract young families to Lions membership, (attract young people in to “serving” their communities in line with the Lions’ motto, “we serve”).
- b. Our club’s time spent on an important Lions’ International high priority (environment), last year totaled 974 hours. This first two months of this Lions fiscal year (July and August), we have added 100 hours of Pizz-A-Thon planning including (on August 13) planning for and carrying out a VTC workshop for Natural Resources Conservation Service (NRCS) employees. Time devoted to this new committee's activities regarding the Pizz-A-Thon, will be credited to our Lion’s club environmental activity.
